# SISTEMA DE ENCAIXE INOVADOR

VIDRO SIMPLES  
**JUNTA SECA**

Vidros de segurança com espessuras variando de 8 a 12 mm.  
Os vidros são montados apenas em esquadrias superiores e inferiores, sem alumínio aparente nas juntas dos vidros.

VIDRO SIMPLES  
**ENCAIXILHADO**

Vidros de segurança com espessuras variando de 6 a 10 mm.  
Os vidros são envolvidos por moldura específica (Leito e capa M1V).

VIDRO SIMPLES  
**ENCAIXILHADO**

Contribuem com o controle de privacidade e também com a estética.  
Importante destacar o conjunto vidro duplo com persianas entre os vidros, esta combinação é perfeita quando o assunto é controle da privacidade visual.

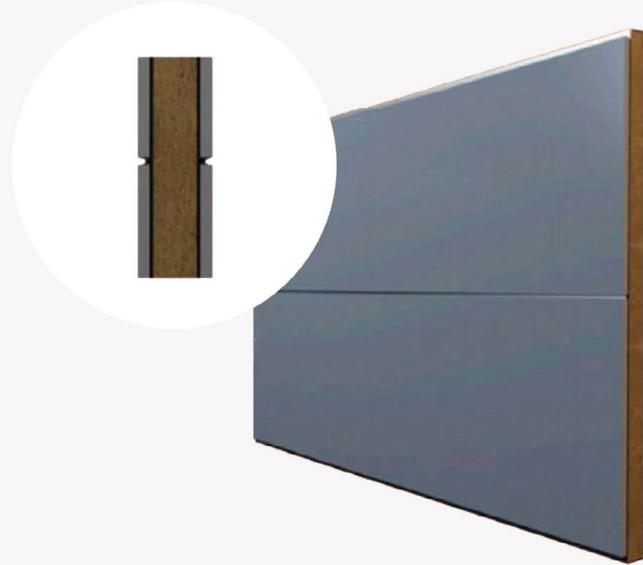

OPCIONAL  
**PERSIANAS**

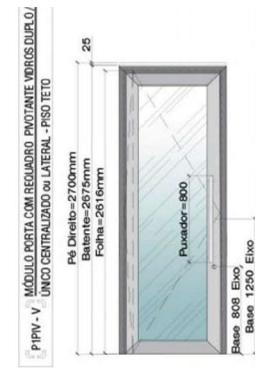

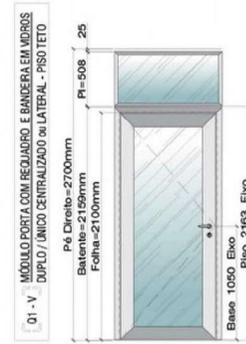

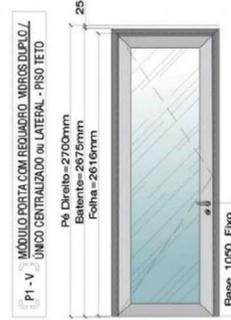

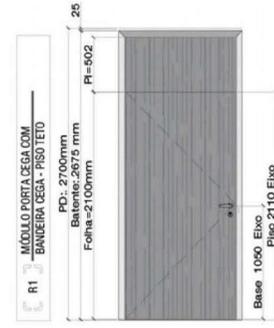

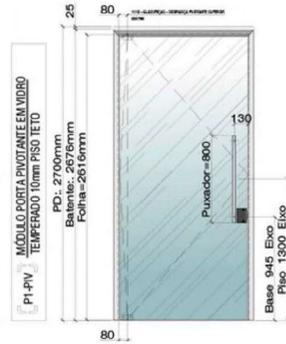

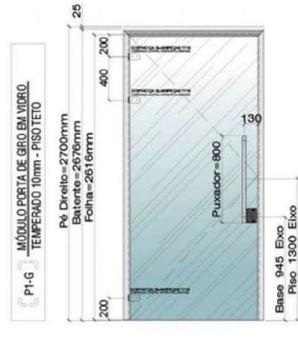

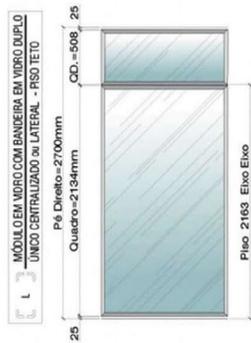

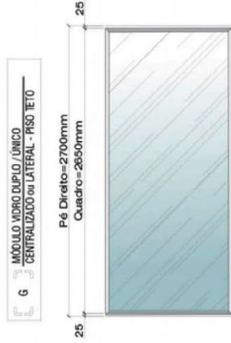

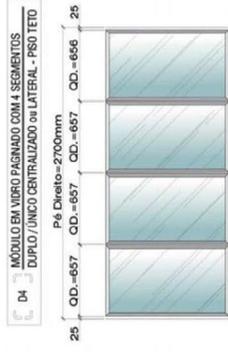

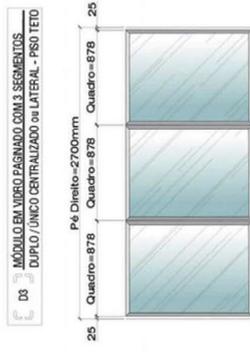

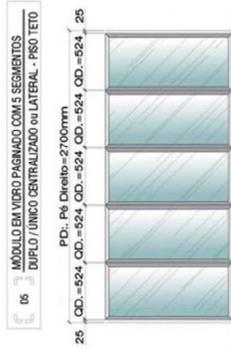

Vidros de segurança com espessuras variando de 6 a 8 mm.  
Os vidros são envolvidos por moldura específica (M2V).

## MDP PAGINADO

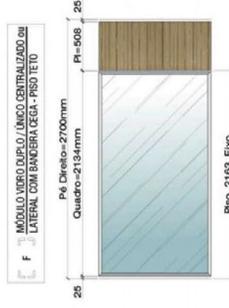

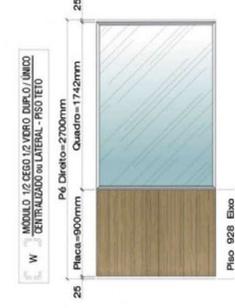

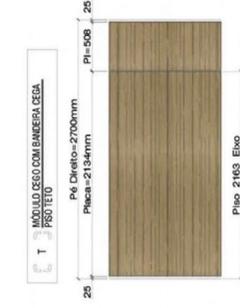

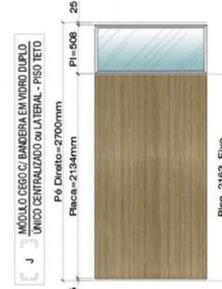

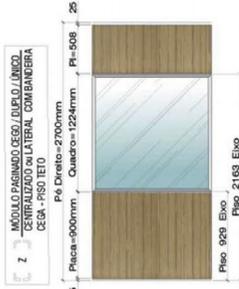

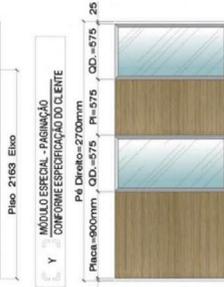

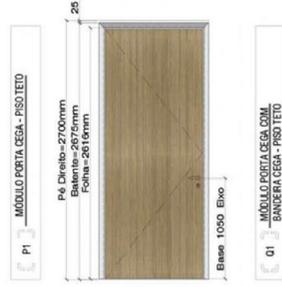

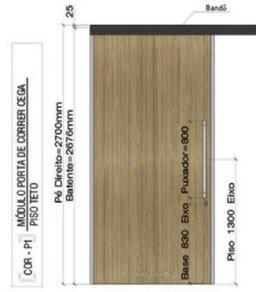

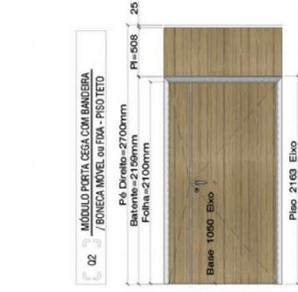

Com espaço para  
preenchimento  
acústico.

The image features a dark grey background with a large, stylized, light grey 'X' shape on the right side. The 'X' is composed of two overlapping diagonal bars. A thin, golden-yellow line follows the outer contour of the 'X' and extends across the bottom of the frame. In the center-left area, the text 'Startpex' is written in a bold, white, sans-serif font. Below it, the word 'DIVISÓRIAS' is written in a smaller, white, all-caps sans-serif font. A white swoosh underline is positioned under the 'pex' part of 'Startpex'.
